*The Legendary*

## Tullamore Dew

- Triple distilled using only the finest grain and purest water. It is then patiently aged in specially seasoned oak casks. A double gold award winning whiskey with well balanced notes of spice, citrus and caramel.

## Tullamore Dew in the Crock:

Subtle and smooth with pleasant maltiness combined with charred wood undertones and the natural flavor of golden barley with sweetish spices on the finish! (Triple distilled)

## Tullamore Dew 10 Year Old Reserve:

Triple distilled in spanish and american oak casks for at least 10 years!

"medium bodied with complex flavors of malt and spice, wood and vanilla sweetness slowly fading." (Limited to 900 cases a year)

## Tullamore Dew 10 Year Old Single Malt Irish Whiskey:

This wonderfully rich and complex flavor comes from years of maturation in bourbon, sherry and madeira casks.

"malty, nutty, sherry notes that are fruity and gentle."

## Tullamore Dew 12 Year Old Special Reserve:

Is carefully crafted blend of 12 to 15 year old irish whiskeys. Triple distilled from crystal clear water and the best malted and unmalted barley, it is then finally laid to rest in old bourbon casks and old oloroso sherry butts until, slowly perfection is achieved.

"rich, long, pleasantly dry finish which is also slightly lemony and sweet."

# JAMESON<sup>®</sup>

## IRISH WHISKEY

### Jameson Standard

### Jameson 12 Year Special Reserve

- The most popular Jameson aged whiskey. It is aged a minimum of 12 years in both sherry and bourbon casks. On the nose you pick up more spicy and warm flavors. On the taste you get more sherry richness, nutty flavors and also some mild woody undertones.

### Jameson Gold Reserve

- A unique blend of three whiskeys. One of the whiskeys has been matured in a bourbon cask, one has been matured in a sherry cask and one has been matured in a brand new oak wood barrel. The flavors you get with Jameson Gold Reserve are more honey, creamy, slightly sweeter flavors. You also get a little spice in there with a peppery finish to it. It has a very long lingering finish.

### Jameson 18 Year Limited Reserve

It is aged for 18 years primarily in sherry casks, and it is then switched to first-fill bourbon casks for a final 18 months to three years. On the nose of Jameson 18 you pick up wood, spice and toffee. The taste is very mellow, very smooth with a sherry nuttiness and fudge and toffee flavors. It has a lingering finish which carries wood, spice and toffee flavors throughout.

### Jameson Rarest Vintage Reserve

- This was created by the four masters of the Jameson distillery and contains some of Jameson's oldest and rarest whiskeys. The unique factors are that it is 92% proof, it's bottled without the use of chilled filtration, and it is partially matured in port casks. The nose picks up the ripe fruit notes of melon, banana and plum which are characteristics of the port casks. The taste is of mellow sweetness and toasted wood, which is also complemented by the fruit richness and there is a touch of creamy, dairy fudge and dark chocolate flavors.

## Concannon

- Refined blend of malt Irish whiskey and grain Irish whiskey. Double distilled for proper balance, character and purity, the whiskey is then matured in barrels for at least four years. It offers classic notes of sweet honey, citrus, malt, caramel and golden raisin. Thanks to years spent gently resting in barrels through Ireland's cool summers and mild winters, it also boasts enticing flavors of oak and vanilla.

## Clontarf

- A light honey and butterscotch spirit that goes down with minimal fuss. The finish is short, with a toffee-like dessert quality, but not overwhelmingly sweet.
